

Contempo Marin Park Demographic Survey Instructions and Information

A part of our federal court case contained a demographic survey of the park and was used by our attorneys in their legal argument. The survey was provided by an outside firm and relied primarily on publicly available statistical information. In preparation for the appeal phase of our case we need better and more up to date information about our park and our residents.

Please take a few moments to fill out the survey form. If you received the survey form via email, please print it and fill it out. Completed forms should be dropped off at either 143 Bryce Canyon Rd. or 25 Yosemite Road.

Information obtained will be kept strictly confidential and will only be summarized in spreadsheet form with absolutely no identification of individual residents.

Following are comments and explanations for numbered questions on the survey that are not self-explanatory:

1. Space number is required only to insure that all residents have responded to the survey and will not be included in the summary information

5. Please be accurate and honest here. The information will be included in the summary with no way to associate it with an individual resident.

13. We need this information to enlist the support of banks and mortgage lenders.

Please take the time to fill out and return the form. This summarized information is very important for the appeal phase of our case.

Please be assured that the information you provide will be kept confidential and only used in a summary form with no identification of individual residents
